

1. Centre for Climate Change

Project : i	Understanding and Projecting The Effect Of Climate Change Of Native Bee Species And Its Implication on Crop Production	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	MSc (Apiculture/Zoology/Entomology) from any recognized University
4	Tenure	8 Months
5	Experience in Particular field	Experience in handling of bees and its maintenance, working knowledge of data base and statistical analysis
6	Salary	Rs.25,000/- (CTC per month)

Project : ii	Exploring The Potential Of Terrestrial Indoor Plants For Moderating The Effect Of Climatic Conditions In Urban Areas	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	M. Sc. (Botany / Environmental Science / Plant Physiology/ Forestry/ Plant Biochemistry) or MSc agriculture candidates
4	Tenure	7 Months
5	Experience in Particular field	
6	Salary	Rs.25,000/- (CTC per month)

Project : iii	Effects Of Urbanization On Bee Communities And Evaluation Of Ecosystem Services In Urban Areas	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	M.Sc. (Apiculture/ Zoology/ Entomology/ horticulture) from a recognized university degree
4	Tenure	1 year (Extendable to one more year based on the review of the candidate)
5	Experience in Particular field	Field work and Travelling, Experience in handling of

		bees and its maintenance, working knowledge of data base and statistical analysis.
6	Salary	Rs.25,000/- (CTC per month)

Project : iv	Understanding anthropogenic impact on bee pollinators: A study under different cultivation practices and changing land-use pattern.	
Sl. No	Information	
1	Name of the Position	Project Assistant
2	Number of Personnel required	01
3	Qualification required	M.Sc. (Apiculture/ Zoology/ Entomology) from a recognized university Degree
4	Tenure	1 year (Extendable to one more year based on the review of the candidate)
5	Salary	Rs.20,000/- (CTC per month)

Project : v	Estimation of Photosynthetic Potential of Dominant Mangrove Species in different osmotic environment	
Sl. No	Information	
1	Name of the Position	Project Assistant
2	Number of Personnel required	01
3	Qualification required	B.Sc. Life science with Botany as a major be preferred
4	Tenure	9 months
5	Experience in Particular field	Candidates with 1-2 years research experience and publications will be preferred
6	Salary	Rs.20,000/- (CTC per month)

Project : vi	Smart Alerting System (Mobile Application)	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	Master's Degree in Computer Science (M.Sc/MCA/MTech)

4	Tenure	1 year
5	Experience in Particular field	Softer ware development and functional programming, Application development and maintenance(Java)
6	Salary	Rs.25,000/- (CTC per month)

Project : vii	District wise policy brief for Karnataka	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	M.Tech /M.E./Masters in Environmental Science, ClimateChange and equivalent degree in related field
4	Tenure	1 year
5	Experience in Particular field	Preferably work experience inclimate variability, impact assessment and adaptation
6	Salary	Rs.25,000/- (CTC per month)

Project : viii	Impact of Climate Change on poverty in Karnataka	
Sl. No	Information	
1	Name of the Position	Project Associate
2	Number of Personnel required	01
3	Qualification required	M.Tech /M.E./Masters in Environmental Science, ClimateChange and equivalent degree in related field
4	Tenure	1 year
5	Experience in Particular field	Preferably work experience in climate variability, impact assessment and adaptation
6	Salary	Rs.25,000/- (CTC per month)
